VULCAN SCHOOL

High School Report, Spring Term Examination

Grade XI—Maledin Sinclair 75.9; Grace MacDonald 72.4, Jessie Sinclair 62.8, Ben Herdman 58, Esther Grant 54, Mary Terry 52.

Grade X—Cecil Gardiner 78, cJinnie Cook 76.8, Willie Butchart 73.8, Vida MacDonald 72.4, Beulah Walker 72.1, Nan Tangen absent for two papers, 57.2; Earl Marcellus 56.8, Beulah Hampton 52.2, Boyd MacKay 47.5, Gordon Clayton not graded, Merle MacKay 39.6.

Grade IX—Marguerite Speer 82.6, Marian Lebeau 77.3, Stella Dewie 77, Dale Graham 76.6, Maude Shaw 76.6, Bud Flood 73.3, Martha Hungerbuhler 73.1, Pearl Fulton 72.6, Jewell Gardner 72.6, Claude Lyman 72, Gladys Marcellus 71.5, Diana Kilroe 71.1, Norman Jennejohn 63.8, Ena Watt 62.5, Eleanor Rushfeldt 60.5, Dalton Shaw 60.1, Clarie Marcellus 59.3, Lloyd Brown 58.4, Gladys Hanson 48.8, Mabel Gossett 28.3 absent for two examinations, Wilfred Daines absent for examination.

WEATHER AND CROPS

The weather for the past week has been ideal for work on the land and in consequence the wheat is practically all in and is showing up in most instances. Wheat planted less than a week is now up, owing to the favorable weather. The coarse grains are now receiving attention and seeding of these is generally under way. No rains or high winds have occurred and the land is in excellent condition. A few hot summer days are now being experienced and with the high barometer showing this brand of weather promises to continue. A good shower of rain or a hard one now would be very beneficial but the soil condition is such with good sub-moisture, that crops will advance rapidly for some time under present conditions. Present circumstances were never more promising. The markets are showing a little stronger again this week, wheat being locally 81c with little activity here.

Mr. Stackhouse of the Stackhouse Land Co., Blackf., pleaded guilty of writing fire insurance without having first obtained a certificate of authority from the provincial superintendent of insurance and for so doing was fined the minimum fine of \$20 and costs. It is said there are numerous agents throughout the province who have not secured a license and this should serve as a fair warning to protect themselves. In the matter of fire license the cost is \$3 per year and for life insurance the cost is also \$3.00.

Saturday, May 31

Basement of St. Aldhelm's Church.

Opening at 3 o'clock.

TOWN COUNCIL

May Session of Civic Body is Lengthy One

The regular monthly meeting of the Vulcan town council was held at the office of the secretary-treasurer on Thursday evening, when Mayor Butchart presided over a full council.

The minutes of the last meeting were read and approved and various bills passed. A communication from the Public Utilities Commission relating to changes required in the proposed light franchise was read, and the amended franchise will be submitted to the ratepayers in due course. Dr. G. M. Carson, medical health officer, was present relative to changes he thought necessary in the health department. It was decided that the closet-by-law should be changed, and the matter of wells was discussed at some length.

It was decided to change the rate of cesspool fees from \$3.00 per tank to \$1.50 per hour while pumping.

Estimates for the year were then taken up and it was decided that the rate should remain the same as last year.

It was decided to call for tenders for painting the skating and curling rinks, and for the installation of ventilators in both buildings.

Council gave consent to the use of the skating rink for the school fair on September 19th.

GREAT MOVEMENT

Immigration Officer from Old Country In Vulcan

Mr. Leonard Wide, of Devonshire, England, who is employed by the British and Canadian governments in connection with migration within the Empire, was the guest of the R. V. J. N. Brunton at the manse last week.

The dominions are what they are today because of the settlers who came to their shores from the mother land. Not only that which they are but that which they shall be, is to be determined by the sons and daughters of those now there and of those still to come. The qualities which these settlers bring to their adopted country are of supreme importance.

It is therefore the business of every citizen in an established position to take his or her part in the schemes which have as their object the introduction of those into the British Dominions overseas who will become desirable citizens.

A great opportunity has presented itself to the church, the Y.M.C.A., Masonry and Rotary clubs in the dominions to take their share in this great movement of Empire development making sure at the same time that they strengthen their own cause. The migration department of the English National Y.M.C.A.'s is anxious to do its utmost to give to all the best possible service it is able to render in the union church on the 15th of June.

LOCAL ITEMS

Fishing and shooting licenses are now available in Vulcan from Mr. D. O. Robinson, who is a game warden, and from whom information may also be obtained in reference to the game laws.

The auction sale of work horses and implements and furniture, the property of Harold Corbett, to be held on the premises north east of Reid Hill, on Wednesday, May 21st, will commence at two o'clock. This item is to definitely state the hour of sale—2 o'clock.

The Cubs, the Vulcan team in the new Arcwood baseball league, started their career auspiciously on Wednesday. The game was an exhibition event with Carmangay, a team outside the league, but in was none the less a satisfaction to the players for a new team to win their first game, and their many supporters are likewise pleased. The score was eight to four. The Cubs have shown considerable pep since organization and success has been their reward. The team made a good showing in play for a start, the line-up being: Ed. Marcellus, catcher; Denny Beatty, pitcher; Rus Robson, first; Roy Fulton, second; F. Wetterberg, third; Bill Packwood, short; McBlowie, right; Bill Kiser, left; Everett Dupoe, centre. Jimmy Dick substituted for Kiser in the last two innings.

Vulcan football team, on the first half-holiday of the year, opened their season away from home, playing at Champion and losing by a score of five to nil. The boys have no alibi and in the real sporting spirit give the winners every credit which they merit. The gameness which makes good losers will develop a determination to improve their showing in the next encounter. The first half of the game was fairly even, Champion scoring the only goal of the period just before the whistle. In the second half Champion displayed excellent speed, combination and finish, in all of these outclassing their opponents and piling up a total of five. Mayor Butchart, of Vulcan, officiated as referee. Following is the personnel and positions of the Vulcan team: Collier, goal; Davies and Howard Marcellus, backs; Jose, Carson and Kingston, half backs; Jinks, Orton, Scott, Kitto and Marcellus, forwards.

LOCAL ITEMS

Mr. T. B. LeBow was up to the city this week.

Mr. and Mrs. Jennejohn motored to Calgary on Monday.

Mr. Charles E. Colwell, of Calgary was a business visitor in Vulcan last week.

Mr. Howard Journey is drilling a well on Mr. A. G. Craig's new residence site.

Insurance records show that the province of Alberta is one of the healthiest districts in North America.

Mr. George Eamor is excavating in preparation for the building on an addition to his recently purchased residence.

Mr. R. P. Rochon, of Calgary, who is on account of his weather forecasts becoming known as the Foster of Alberta, was in Vulcan on Wednesday.

The Calgary papers report the arrival of a large number of Indians in the city for their annual visit. Some of these have been noted going through Vulcan.

Mr. Percy Taylor, of High River, building contractor, was in town on Friday looking up business, there being the prospect of considerable building here this summer.

The report comes from B. C. that Billy McLeod, who was pitcher of the Nanton baseball team last year, was killed in a lumbering camp where he was engaged as engineer.

On Sunday, May 11th, the Lutheran minister, Rev. G. Emil Moller, of Vulcan baptised Mr. and Mrs. J. V. Frederickson's baby, Lilly Marian Elizabeth, at the home of J. V. Frederickson.

Mr. and Mrs. Albert Mutz left for the Crow's Nest on Tuesday, and while away will attend the funeral of the late R.L.T. Galbraith, a pioneer of B.C. and well known by Mr. Mutz since early days.

Redlandview Women's Institute will meet at home of Mrs. H. V. Doane, on May 21st, and will entertain members of Eastway institute and will also conduct a "handkerchief" shower for the bazaar that is to be. A full attendance is desired.

The executive gratefully acknowledge the following contributions to the Vulcan rest room: McIntyre & Co. \$5.00; Mr. Roy Walker \$5.00; Alberta Pacific Grain Co., \$2.00; A. G. Spooner, two chairs; Mayview U.F.A., \$5.00; Highland U.F.A., \$5.00.

The citizens of Brant district have arranged for the holding of a Field Day of sports and stampee to be held at Brant on Wednesday, June 11. A programme of baseball, athletic sports and stampee contests will be drawn out, and advertised in this paper at a later date.

Mr. A. W. Kelly, funeral director, who is to some extent a Vulcan business man, was over from High River the other day to move his stock and equipment to the building at one time used as a police office, this location providing better facilities for the excellent service which Mr. Kelly aims to render.

Vulcan ladies' basketball team, a long time in search of a game, have secured Parkland for the 21st of May, and the game will be played in Vulcan. Parkland handily defeated our girls last season, but we are assured that it will not be so easy this time. This is another event for the Victoria Day program.

Three hundred evergreen trees, one hundred each of white spruce, Jack Pine and Scotch Pine, have just been received at Vulcan by Mr. E. R. Finckh, who will plant them on his farm east of town, on which there are now a goodly number of trees in a flourishing condition. Trees are indeed an asset to any place.

The enormous amount of money and material used in making a big film spectacle is illustrated in the case of "Scaramouche." Rex Ingram's production for Metro of Rafael Sabatini's story of the French revolution, which is coming on June 2 and 3 to the Opera House. "Scaramouche" easily exposed as much raw film as "The Four Horsemen," which held the record for some time. More than 500,000 feet of film was used during the "shooting" of the picture. The biggest item was the construction of sets representing the palace of the Tuilleries, an old chateau and city streets of the France of 1789. Carriages and coaches had to be reconstructed with perfect historical accuracy. Costumes had to be made for the 10,000 persons who appeared in the mob scenes. There were uniforms for the soldiery, and outfits of especial magnificence for players representing the nobility. Of the sixty-acre location where the duplicates of streets in Paris, Gavrilac and Rennes were constructed, 412 tons of cobblestones were used for paving, besides 610 tons of gravel and sand. For the buildings 762,264 feet of lumber was necessary. Also 340 tons of plaster, 4,000 pounds of nails, and 200 tons of casting plaster.

LOCAL ITEMS

Mr. Fred Bennett, west of town, has gone to spend a week in Calgary.

Mr. Kyle Babcock of the local staff of the Bank of Commerce, has quit the service of the bank, and on Monday returned to his home in Magrath.

One of the group of graduate nurses recently pictured in the Calgary Herald was Mrs. Bessie Daw, a sister of Messrs. Jackson and Hanson of Vulcan.

Mothers' Day services were held at the Union church on Sunday last and in the morning the attendance was the largest since Rev. Branton became the minister more than two years ago.

Born at the Vulcan hospital, on May 12th, 1924, to Mr. and Mrs. Chris Rothburg, a daughter. The mother of this youngest of our citizens arrived only a week ago from Norway.

The football match on Friday evening last, between the married and single men of the local club, besides providing some real interest. The result was in favor of the married men, the score being two to one.

The other night an auto-ran bang into the lamp and guide post in the centre of the street intersection. The driver didn't see it, and there is at least one man of the opinion that this post should be lit up or pulled down.

The local football team has the definite assurance of a game at Vulcan, with the Calgary team known as the "Posties," getting their name from the fact that the players are in the employ of the post office department.

Twenty-five or more local Masons went over to Lomond on Monday night on a fraternal visit and to conduct the conferring of degrees. It was a thoroughly satisfactory and enjoyable trip, and they were royally treated.

Mr. Roy Ferguson, manager of the local ball-team, saw his first game of ball this season in Calgary on Monday evening. It was a city league game, and he says that it was not in it with what we are going to get in Vulcan this season.

The new trees for the town arrived this week, and with the boys already out and everything in readiness, a gang immediately proceeded with the planting, and this we hope will be another successful effort in the municipal tree planting campaign.

Five loads of cattle were shipped out of Vulcan on Monday by Mr. Fred Bolton, and he says that they were just about the prettiest and best bunch that ever left this station, a credit to the district and to the farmers who raised them. Some of them went east to Toronto and some west to Vancouver.

Mr. Lawler and Miss Hall, of the Claresholm School of Agriculture were in Vulcan on Wednesday in connection with promotion work of the school fairs. They are endeavoring to introduce two new propositions which should make good features for the fairs.

Fire, on Friday afternoon last, totally destroyed the barn on the farm premises of Mr. John Wynt, some miles north of Vulcan. The men were in the field, and the young lad of the family just returned from school noticed smoke coming from the barn and with well executed speed released five horses and a number of cattle from the building and carried out the equipment of harness and other articles. Among other things destroyed were two hundred or more bushels of wheat.

"Muscle Shoals is a Wonder," is the heading of a newspaper article which records the winning of twenty dollars in gold by Miss Cassie Davis, being the first prize in a competitive essay writing contest, descriptive of Muscle Shoals, in which twenty persons participated. Miss Davis, well known as one of our Vulcan girls, was one of a party of guests who were given a trip to this marvelous place, and to win twenty dollars for her description of the wonders witnessed would surely make it a delightful trip.

What may be called a sequel to the Brant held up of last winter was heard by the same justices on Tuesday. At that hold up a car was hired in Vulcan by parties who returned the car next morning with one tire missing from it. As this was an important clue in determining parties suspected diligent search was made by the A.P.P. and the loss was duly advertised. A farmer to the north of it had found the tire and going by the old rule that finders are keepers disregarded the fact of the advertising for it and appropriated it to his own use. For this the A.P.P. laid a charge against him under sec. 405A Criminal Code of Canada charging him with theft by intent and quoted authority to show this was an infraction of the act. The accused was fined \$10 and the costs of the court and the tire returned to the original owner. Not to be liable under a charge of theft by intent the finder of an article must make reasonable effort to find the owner, or find himself liable to be charged under this section.

LOCAL ITEMS

Mr. E. E. McIntosh and wife were visitors to Calgary on Tuesday.

Order trees and shrubs now for spring planting from Roy Walker, Vulcan.

Mr. F. Van-kiver left Vulcan on Monday night for a trip to Toronto, and while east will visit his old home and friends.

Mr. and Mrs. William Hill, Sr., and daughter, Miss Margaret, arrived here from California. They motored up from Long Beach.

Mr. L. Pfeiffer, brother of Mrs. S. Tompkins, from Bellingham, Wash., arrived Tuesday morning to spend several months with his sister and family.

Trees are to be planted this week on the playground park, and preparations are being made for the erection of swings and other amusement devices.

Mr. Roy Jenkins, of Stavely, was in town Tuesday night. He is the first townsmen of the Stavely team, and says their bunch will be going as good as ever this season.

On Sunday, May 18th, the Lutheran church will have their services in the Vulcan High School, at three o'clock in the afternoon. Everybody welcome. G. Emil Moller, pastor.

Messrs Rebbe & Shimp will conduct one of their combination auction sales at the Vulcan sale yards, on Saturday, May 31st. Entries of articles for sale will be received up to time of sale.

Golden Rule and Good Deeds Women's Institutes are jointly holding a chicken supper and dance, at Alston community hall, on Friday, May 23rd. Particulars in advertisement.

Mr. Duncan Campbell are the latest to become citizens of Vulcan, where all good citizens receive a welcome and are made glad they come. Mr. Campbell will go into the butcher business, occupying a portion of the store building with Mr. B. D. Lockhart.

The Post Office, with authority from the department, will after this week observe the Wednesday half-holiday. This will not in any way interfere with the dispatch or delivery of mail, except at the wicket. The barbers will also take the half day off, and there are others who will adopt the idea.

Mr. C. D. Woodlock, sales manager, came to Vulcan on Monday and for two weeks will conduct a sale of clothing and furnishings for Mr. A.G. Spooner. Big posters have been printed by The Advocate and these carry interesting information to the people. The big event starts this Friday.

It used to be "pers" and now it is "permits." Vulcan, apparently desiring to keep in the front rank in everything, possesses at least one permit, and it was purchased as soon as available. It costs two bucks and provides the privilege to buy. We presume that in time others will be possessed in the community.

One of the local business deals of the week was the purchase of the stock and trade of the Vulcan Tire station from Mr. H. Hussfeldt by Mr. Billy Rannels of the Black and White Service Station. This is a merger that will cut out one station but we have it from Mr. Rannels that it will not lessen the service. An ad in this issue announces details.

The appeal made for the support of the baseball club by the sale of tickets for the opening game at a dollar each (twenty-five for admission and seventy-five donation) received a generous response from the public, sufficient having been sold to warrant the order for new playing uniforms, and with the promise of the sale of still more, the club expects to be in a position to finance the season without further appeal except for patronage of the games, and this will be forthcoming if the standard of play merits it.

A case was heard on Saturday last at the police barracks before Justices Charters and Lindsay, which is of interest to note. A Reid Hill farmer appeared to answer the charge of unlawfully obtaining credit by means of worthless cheques. From the evidence it was shown that a purchase of \$28.00 was made in Dec. from a local merchant on the assurance there was money in the bank to cover the cheque offered. The cheque was returned by the bank with notice of "not sufficient funds." The accused was seen with reference to this without effect, and within the past few months has issued cheques for various amounts to merchants whom he assured that funds were there to cover them. Each of the cheques was returned by the bank with the same notification, N.S.F. As sufficient time had elapsed between the issuing of the first cheque and of the others to produce the thought that the matter had been intentional the accused was fined \$10.00 and costs or failing payment of the fine 30 days in Leithbridge jail. The fine was paid and restitution made for the outstanding amounts.

Municipal District of Marquis, No. 157

Notice is hereby given that a list of lands against which proceedings have been begun under The Tax Recovery Act 1922 appears in the Alberta Gazette published on the 15th day of May 1924 and unless the amount of arrears of taxes and costs are paid on or before the 15th day of December 1924 a certificate of title will issue to the municipality in respect thereof.

A copy of the said list may be seen in the office of the Secretary-Treasurer during office hours.

Dated at Vulcan this 5th day of May, 1924.

MUNICIPAL DISTRICT of MARQUIS No. 157

J. K. McLean, Treasurer.

The Vulcan Advocate

An Independent Weekly Newspaper issued every Wednesday afternoon at the office of publication, Vulcan, Alberta. Subscription price per year in Canada, \$2.00; United States and other countries, \$2.50. Advertising rates will be furnished on request.

THE
VULCAN ADVOCATE
VULCAN, ALBERTA

KNOCK THE BOOTLEGGER

The following editorial from the Calgary Albertan appeals to us as being correct and we gladly give space to the same:

If this new liquor act is not well enforced, prohibition will come again within the next three years. Prohibition was voted out because it was not enforced, and people believed that it could not be enforced. What annoyed and exasperated the people more than anything else was the activity of the bootlegger, who plied his trade and made much money. The frequent violation of the law exasperated and alarmed people. They believed that it was having a debasing influence upon all the people. If the bootlegger continues to ply his trade under the new legislation, the public will very soon return to prohibition. The bootlegger will continue to do business if he finds business good and not always too dangerous. Whether he is prosperous depends upon a portion of the public who patronize that sort of man. The danger will depend to a great extent upon the activity of the police, and in the last analysis to the sincerity of the people. The prohibition law was not well enforced because it did not have behind it the vigorous, energetic support of the people. A bootlegger was not regarded as a criminal as much as an adventurous person who was dealing a commodity which should not be suppressed and restricted as it was. The Albertan does not intend to consider the status of the bootlegger under the old regime. But it is certain that now he is merely a criminal and a lawbreaker, who is trying to break down reasonable legislation demanded by the people and demoralize conditions in the province. Whatever may have been done before, any person who gives assistance to a bootlegger or helps him in his wrong doing, is not a good citizen. The police now can proceed to enforce this law with the full knowledge that they have the public behind them in their efforts. If the bootlegger is run to each and the violations of the liquor act kept down to a minimum, and drinking is not increased, the present law may work out better than those who voted for Clause A expected.

The liquor vendor's store at Red Deer is to be situated next to the office of one of the local newspapers. No special significance can be attached to this, for, incredible as it might seem, the Red Deer editors are both teetotalers. In fact, they are sometimes referred to as the exceptions which prove the rule.—Strathmore Standard.

Mothers' Day has come and gone, and many wore a carnation if they were able to get one at so much per flower, and it was good business for the florists. Christians throughout the world should bear in mind that a much better way to remember mother is to say a prayer, or better still, to receive holy communion for her intention.

The Oliver government may feel that it is safe to call an election in B.C. on the strength of the Gallagher report but it would seem that they will have a tremendous lot of explaining to do to convince the people that all those documents and books of record in the P.G.E. railway case disappeared legitimately.

The universe surrounding our earth without the light of the heavenly bodies would be wrapped in perpetual darkness. Reason without faith has similar limitations. Faith is supernatural light, illimitable freedom, intelligence on a plane that is unapproachable beyond the highest reach of a mere human mind.

Just a moment please! When you think well of a friend show it while he is alive. Flowers are pretty and very appropriate, but personally we don't believe that dead men care much about them.

LEST WE FORGET

Some years ago we listened to a man extolling the achievements of the Canadian soldiers. A little while ago he was guilty of attacking in an underhand way the character of a returned man. Is history going to repeat itself? Are we going to forget the men who fought so gallantly in the blood soaked trenches of Belgium and France? When we meet any of those lads down on their luck, let us think of the horrors that passed before them. Let us think once more on all that they accomplished for us, and let us each, in our own little way, remember the teachings of the great Master who said: "Verily I say unto thee, inasmuch as thou hast done it unto the least of these, my brethren, thou hast done it unto Me."—Baintree correspondent, Strathmore Standard.

YOUR MOTHER

Last Sunday was Mothers' Day and throughout the dominion beautiful tributes were paid to mother. A writer in the Youths' Companion expressed his sentiments thus: "There is one debt that you can never pay in full—your debt to your mother. She does not ask it nor expect it. All she asks is she hopes, is just that you pay the interest on it. And you cannot pay even that in money, but only in patience and love and gentleness, the one kind of currency that is legal tender in the place where mothers go."

On the first day that liquor could be obtained at Calgary it is said not a drunk was visible on the streets. This is well and we hope it will continue. The breweries did a big business in supplying beer to the private homes and more liquor was purchased legitimately that day than during the past eight years. Persons attempting to buy liquor who were not British subjects made straight for the naturalization office and took out Canadian naturalization papers.

And speaking of golf, it is estimated that there is an investment in golf in Canada of \$25,000,000. There are more golf courses in Ontario than in the other provinces, and second to Ontario is the province of Alberta, which is far from second in population. There are 104 golf courses in Ontario and 51 in Alberta. There are 21 golf courses in Toronto, 13 in Montreal, and eight in Calgary. Golf is taking hold in this part of the province.

President Beatty of the C.P.R., tells the stockmen in Winnipeg that there are plenty of empty ships, with ships looking for cargo. It is surprising under the circumstance why the Canadian government, with a little originality, cannot step in and break the Atlantic freight combine, which is almost completely nullifying the victory that Canada won in beating back the embargo.

Miss Agnes McPhail, M.P., is reported to have said in a speech at Washington, that the army of customs officials on the boundary line between Canada and the United States is a source of international irritation. Many other Canadian lady visitors to the United States have no use for the customs officials.

I say, then, that we must die in order that God may live in us, for it is impossible to acquire union with God by any other means than mortification. These words, "we must die," are hard, but they are followed by a great sweetness, and this sweetness is union with God.—St. Francis de Sales.

President Coolidge has decided to veto the soldiers' bonus insurance pension bill, which was passed in both houses by a very considerable majority. This is something like the boldest stroke the new U.S. president has made.

A bill is to be introduced in Iceland to add bitter aloes to perfumes, hair washes, and other toilet waters, to prevent them being consumed as alcoholic waters. It is agreed that its passing will be a bitter blow to all those in the habit of taking such drinks.

Through the elimination of the sales tax on farm implements farmers in buying a binder will save between \$14 and \$15.

The 4d must be conceded to be the greatest money maker as well as the greatest pleasure giver in the world.

HALF CENT POSTAL CARDS

A single reply card bearing on the face the words, "Business Reply Card" and prepaid 1/2 cent postage, is being issued by the department (singly or in sets of 8 or 16) to be sent out as an enclosure with matter addressed to places within Canada. Any organization using these reply cards must have its name and address printed on the lower right hand side of the face and must have matter (with or without blanks to be filled in) printed on the reverse side of the card. Such cards, when filled in for return in the mails are to be forwarded and delivered without additional charge.

MARKET REPORTS

Choice quality beef steers and females higher at Calgary, but advance is mostly because of condition of cattle. Choice heavy and light steers \$6 @ \$6.50 and tops better than that a little; good quality \$5.25 @ \$5.75; medium \$3.50 @ \$5; common from \$3.50 down. Choice heifers \$5 @ \$5.50; good from \$4.75 down. Choice cows \$4.25 @ \$5; good \$3.75 @ \$4.25; medium \$3 @ \$3.75; common \$2 @ \$2.75; canners from \$1.75 down. A few females beat the tops quoted, but they are extra quality. Bulls selling better, up to \$2.50 for choice; plain and medium \$1 @ \$2. Choice veal calves will make \$7; plain ones, heavy, \$2.50 @ \$4.50. Feeders, Stockers—Trading not heavy during week, most of the good feeders \$4.50. Stocker steers \$3 @ \$4.25. Stock heifers \$2.50 @ \$3.25; stock cows \$2 @ \$2.75.

Calgary hog prices holding firm during the week, with the sales Wednesday at \$6.85, thick smooths, off cars; bacon 10 per cent premium; today's sales \$6.75 @ \$6.85.

Calgary sheep receipts light and market hardly established; nominal quotations unchanged at \$12 @ \$13.25 on lambs; yearlings \$9 @ \$12.50; fat ewes from \$8 down.

Improvements in wheat noted last issue contained and all prices on cash and futures advanced and brought coarse grains up also. Market opinion is inclined to good prices for the balance of the crop. Alberta has made good progress with seeding during the week and conditions in most districts favorable, far better than this time last year.

Creamery butter—Prints and cartons unchanged and car lots still around 30c, basis specials, Alberta points, for shipment to coast; our prices too high to do anything in eastern shipments, for butter there is not worth 30c let alone the shipping charges. Butterfat—In Edmonton district prices came down to a basis of 30c specials and country creameries 28c; Edmonton price subject to carrying charges. Calgary prices unchanged at 30c, basis specials. Creameries reporting some increase, but not at peak of production yet. Dairy Butter—Movement still light and prices unchanged. Cheese—Unchanged, but market weak; factories buying milk on basis of 30c butterfat.

Egg receipts light at central markets; Calgary unchanged with exception of 1c off on seconds, making prices now: extras 17c; No. 1 16c; No. 2 12c; cracks 9c. Edmonton spreads slightly changed at 17, 15, 12, and 9c. Poultry movement very light, only fowl coming in now; good size live hens 15c, lights 13c.

Some potato business still being done in western shipments from Alberta; buying at country points basis of \$15 for Canada A grade; must be very good potatoes to make this grading; some shipments made to coast considered A grade here only given B grade there.

No established hay market and very little movement except some timothy

Alberta's new liquor law, under which beer will be for sale in licensed premises, and strong liquor will be obtainable from government vendors under permit, was proclaimed law on Saturday last. Vendors stores are now being opened at various points in the province. In connection with the enforcement of the new law, A. H. Schurer, former provincial police inspector, and a veteran mounted policeman, has been named as chief enforcement officer.

Shingle, belles, shingle, belles, Shingle while you may. Can't you hear those shears an'p, belles? The shingle's come to stay. Shingle, belles, shingle, belles. The barber has his day; The shingle is in favor, belles, And the woman has to pay!

"How do you get down from the back of an elephant? You don't; you get it from a goose."

Useful, Decorative Plumbing

For Your Protection

There is an established cash price for all Ford products, which price is fixed by the Ford Motor Company of Canada, Limited.

In co-operation with the Traders Finance Corporation the Ford Motor Company of Canada, Limited has also established a fixed price to be paid if a purchaser wishes to purchase on the deferred payment plan.

The purpose in establishing this definite time price is to protect the buyer against excessive charges.

The charge authorized by the Ford Motor Company of Canada, Limited and charged by the Traders Finance Corporation is absolutely fair to every purchaser who buys Ford products on deferred payments.

This deferred payment plan is a simple business arrangement devised for your convenience—by means of which with a small down payment you may drive your car—paying the balance in small monthly instalments. These rates are as follows:

	Down Payment	Monthly Instalment
Touring.....	\$230.71	\$32.66
Touring (Starter)	272.73	37.08
Runabout.....	217.41	30.09
Runabout (Starter)	244.43	35.75
Coupe.....	346.86	45.66
Tudor.....	374.29	51.84
Fordor.....	435.84	60.00
Truck Chassis.....	217.41	32.75
Truck Chassis (Starter)	295.10	38.08

HEAVY PENALTIES

Violations of the new Liquor Control Act, which comes into force in the province on May 10 carry both heavy fines and imprisonment on conviction according to information received by the press from R. J. Dinning, chief commissioner. Provision is made that only a fine may be given for the first offence, but for the second offence imprisonment is imperative. For a first offence the penalty is a fine of not less than \$100, and not more than \$1000 and costs, and in default of payment imprisonment with hard labor for not more than three months. Punishment may also be given to the extent of six months' imprisonment without the option of a fine for the first conviction. For a second or subsequent offence, the penalty is imprisonment for a period of not less than three months and not more than six months, without the option of a fine. However, if the offender is a corporation, it will be liable to a penalty of not less than \$1,000 and not more than \$3000. The instructions issued by the commissioner state that persons who intend to make application for hotel, club or canteen licenses to sell beer, are advised to obtain a copy of the act, and submit their applications in accordance with the provisions. Druggists will not be permitted to sell liquor except in a municipality where there is no government liquor store and then only on a bona fide prescription signed by a physician, and the prescription will be limited to one sale or one delivery. No druggist will be permitted to have a greater quantity than 40 ounces of liquor on hand at any one time.

Beer may only be consumed in licensed places and liquor in a private guest room of a hotel, it being understood that both may be consumed in a private residence. It is provided that "except in the case of beer consumed on licensed hotel premises, no person shall keep or consume liquor."

"(a) In any part of a hotel other than a private guest room, and while registered as a bona fide guest with personal effects at such hotel.

"(b) On the premises of any club, except beer in a club licensed to sell same.

"(c) In any liquor warehouse, distillery, brewery, drug store, or on the premises of any government liquor store.

"(d) In any public place, except by special permit issued by the board."

It is contrary to the act for any person to be intoxicated in a public place and provision is made that no person is allowed to permit drunkenness to take place in any house or premises of which he is owner or occupant. Persons under the influence of liquor are not to be allowed to consume liquor on these premises. Intoxicating liquors are defined as including alcoholic, spiritous, vinous, fermented malt or other intoxicating liquor or combination of liquors, in other words all liquor or drinks that are intoxicating and any liquor which contains more than 2½ per cent of proof spirits.

WE HAVE THE BEST

Back from California, where he spent the winter, George Lane is more than ever enthused over Alberta, so he told a Calgary Herald reporter. "More and more I am coming to believe this is the best place in the world in which to live and in which to make a living," Mr. Lane observed. "California has its attractions and its advantages, but these are outweighed by Alberta's similar attributes, and I do not believe that I can give any better advice to a young man than to make Alberta his permanent home. There is a sound future here for those who go on the land. I am confident that the cattle industry is coming back and that ultimately it will be on a satisfactory basis again. Of course there have been readjustments, some on this continent and some of world-wide influence and we in Alberta have been affected but these effects cannot be lasting. "Grain prospects are also improving and altogether the outlook is encouraging. I look for another big crop in Alberta this year, and for an appreciable betterment of conditions in every respect."

Speaking about the foot and mouth outbreak in California, Mr. Lane said that the epidemic was having a disastrous effect on the cattle industry in that state and there was no telling when the damage would end. It was a regrettable matter, but if Alberta was benefiting this province could hardly be blamed. Mr. Lane's health was indifferent during the winter but he has picked up of late and looks for a complete recovery in Alberta's bracing climate.

The Bantree correspondent of the Strathmore Standard writing of H.W. Wood says he is not a U.F.A. or Wheat Pool member but that will not prevent him from paying the farmers' president a modest tribute who on past records deserves a great deal of praise. He says: "We had the privilege of meeting the stalwart H.W. a year ago, and the impression made on us at that time still remains. We have a wholesome respect for the all around ability of Mr. Wood. We admire his honesty and sincerity of purpose. We like his personality, his devotion to the cause, and also the fighting qualities which he possesses in no small degree."

NEWS OF INTEREST

Canadian Pacific Railway earnings for week ending May 7, 1924, \$3,281,000. Increase \$305,000.

Canada has the most extensive undersea coal mining in the world, at Sydney, by the British Empire Steel Corporation.

Windsor plasterers are demanding \$14 a day and an eight hour day and threaten to strike if an agreement is not signed by May 1st.

James Hazlett, a farm hand near Drumheller was thrown under a disc drawn by a four horse team and died from terrible injuries received.

The French language was used for the first time in the courts of Alberta at Edmonton this week. Both argument and testimony were given in French.

General elections were held in France on Sunday and brought about a change with Premier Poincaré's party in the ministry. M. Briand will be the next premier.

A silent "policeman" is now made that can never be knocked over, as it has a weighted and rounded base, and when struck simply careers over, and comes back smiling.

Canada's first Thanksgiving day was observed on September 28, 1763, in celebration of peace between France and England when French Canada became British, all being weary of the prolonged war.

It has been stated that, if the Church Union bill before parliament has to be withdrawn, the next elections will be fought on the issue of the spiritual independence of the churches of this country.

This province will be wet on Monday, May 19, almost nine years from the time that the electors by an overwhelming vote called for prohibition. If the people do not observe this act any better than the last one, it will go dry again before another nine years.

Baggage traffic on the western division of the Canadian Pacific Railway during the past twelve months, it was announced by the company officials recently amounted to over 4,000,000 pieces being handled on western lines, of which only 10 pieces were lost, of these were mismatches in parcel rooms, and two for the escape of dogs.

A three-year-old Holstein cow, one of the herd maintained by the Alberta government at Oliver farm near Edmonton, has just completed a milking record which places her at the top of the list of Canadian Holsteins of her class. In the 12 months the heifer gave, 18,903 lbs. of milk and 941.25 lbs. of butter. As a two-year-old, the cow produced 18,415 lbs. of milk in 12 months.

Not since 1914 has the famous Prince Edward Island black fox industry enjoyed such activity as this spring. Breeders are receiving a good price for the better grade breeding foxes. The highest priced silver fox-skin at the recent London sales was the property of a summerside rancher, and the world's champion silver fox, winning all of the sweepstakes at the Boston show, was also the property of a summerside company.

Negotiations now in progress between the provincial government and the British government probably will end in several ship loads of immigrants from the Hebrides being brought to British Columbia this summer. The British Columbia government proposes to give each family a grant of \$300 on their arrival at the spots selected for their settlement. This will be supplemented by an additional \$300 from the British Government and, with shelters provided, \$600 in cash and close to the sea where they can indulge in their pursuit of fishing.

All previous grain handling records of the Canadian Pacific Railway in Alberta have been completely smashed this season, according to an official statement. Since the commencement of the grain shipping season, on September 1, to March 31, the Canadian Pacific have placed 10,000,000 bushels of wheat in store and 2,000,000 bushels of other grains, and have shipped out of the province 83,500,000 bushels of wheat and 15,500,000 bushels of other grains. The total grain handled in the period mentioned is 111,000,000 bushels. This is practically double the shipments made by the company for the whole of last season, the figures then being 56,500,000 bushels of wheat and 7,250,000 bushels of other grains.

The fact that three big events are being staged in Alberta within a few days of each other in the month of July this year, lends added attraction for the tourists who will visit the province during the season. These events are the Mounted Police Pageant at Macleod, July 1, 2 and 3; the Calgary Stampede, the largest of its kind on the continent, during the week following; and the Edmonton Agricultural Fair and Stampede and the Dominion convention of Elks the third week. This makes it possible for tourists coming through from the States to take in the three events and some side trips to the Mountain Parks all within three weeks. The Mounted Police celebration will be of particular interest, being the 50th anniversary of the establishment of the first Mounted Police Post in western Canada. The Calgary Stampede will be better than ever, and the Edmonton fair will have many added attractions.

CHIROPRACTIC

"Take Adjustments and Keep Smiling"

Chiropractic is the only health science that deals directly with the cause of disease.

The Cause

The cause of practically all diseases is vertebral subluxations (misplaced segments of the spine) which produce pressure on spinal nerves, thereby shutting off life currents passing from the brain to the parts of the body affected.

Chiropractic adjustments as used today, without pain or discomfort, restore the vertebrae to their normal position thus relieving nerve pressure, and health follows.

Consultation Free

A Spinal Analysis will reveal the cause of your ailment.

ITEMS OF INTEREST

Members of Elk lodges all over the province will convene at Calgary on Friday, May 23.

An organization has been formed in Calgary of Canadian Pacific officers with headquarters at Calgary, to be known as the Canadian Pacific Association of Calgary. The Association has a charter membership of eighty, will hold monthly meetings, and it is the aim of the club to bring about a closer co-operation of the departments working in the district.

More than two million tons of Alberta coal were sold to Canadian points outside the province of Alberta and to the United States during 1923, according to the annual report of the provincial department of mines. The total production of coal for the year is shown at 6,866,923 tons. Of this amount, 1,382,798 tons were disposed of for consumption in Alberta, 1,937,753 for other provinces and 83,557 tons in the United States. To the railways 3,110,121 tons were sold.

The Women's Institute Girl's Club of Alberta is meeting in convention at Jasper Park, July 2, 3 and 4. This is going to be a most unique convention as it will be the first out-door convention the club has ever held. Miss Thompson, one of the outstanding women in Canada for girls club work, will be the speaker. The university is sending a man who will accompany the girls on the hikes and explain the geology and the flora of Jasper. Besides the regular convention work which takes place during the morning sessions, there will be automobile trips, hikes, swimming and rowing. In the evening the girls will meet about the camp fires, singing camp songs, telling stories and doing camp stunts. A large attendance is expected as the girls are most enthusiastic over this first "Park Convention."

It's Cool Now But There's a Hot Time Coming!

Great interest is being displayed in the prizes being offered by the provincial department of agriculture for the shooting of crows, magpies and juncos, which were announced last week. Those who are interested should write to Game Commissioner Lawton at Edmonton for full information.

Government Liquor Control Act of Alberta**APPLICATION FOR BEER LICENSE**

PUBLIC NOTICE is hereby given that the undersigned intends applying to the Alberta Liquor Control Board for a license to sell beer by the glass or open bottle for consumption in conformity with the provisions of the above Act and regulations made thereunder, with respect to the following premises:

Imperial Hotel, situated on the northwest corner of Atlantic Avenue and Vulcan Street, on Lots 1, 2, 3 and 4, Block 7, in the Town of Vulcan, Alberta; the Beer Hall, itself, being situated on Lots 1 and 2, with entrance from Atlantic Avenue.

Dated at Vulcan, Alberta, this 14th day of May A.D. 1924.

ALBERT MUTZ,

Applicant.

NOTICE

To JAMES HENRY FELCH, formerly of Vulcan, Alberta

TAKE NOTICE that the Canada Life Assurance Company has commenced an action, Number 2859 against you in the Supreme Court of Alberta, District of Calgary, to recover the sum of \$638.28, with interest at 8 per cent. per annum, from the 1st day of April, 1924, due under a certain mortgage made by you dated the 14th day of August, 1919 upon the N.W. 1/4 of Sec. 17 and W. 1/4 of Sec. 20, all in Twp. 16; R. 23; W. of the 4th Mer. Alberta, and for foreclosure.

AND TAKE NOTICE that you may on or before the 5th day of June, 1924, deliver (a) a statement of defence, or (b) a demand that notice of any application in the action be given to you, and in default of your so doing, the Plaintiff may obtain judgment and Final Order for Foreclosure without further notice to you.

Dated at Calgary, Alberta, this 1st day of May A.D. 1924.

A. G. A. CLOWES,

Clerk in Chambers.

Approved: L. F. CLARRY, M.C.

A big round up of stray horses will be made over the coming south east of Calgary ranges May 20 in which many riders will be engaged.

REID HILL NEWS

Miss McFall, niece of Mrs. McFall, having graduated from Normal school at Calgary is spending a few weeks holidays with her aunt.

We learn of the illness of Mr. P. Milne but have not ascertained the cause of the trouble, as Mr. Milne is a bachelor and no longer young it makes his trouble aggravated.

Mrs. B. Snyder of Lethbridge is visiting her friends, Rev. and Mrs. Faulkner, this week.

Sunday, 18th May and every Sunday evening thereafter service will be conducted in the church at Kirkcaldy at 7:45 p.m.

We learn that Mr. Hearn is still very seriously ill at the home of his son-in-law, Mr. Pete McIntyre, at the present his condition shows some little change for the better.

Quite a number of wells have been drilled in the district this season. Mr. Mensinger has one in his yard and the old sharp place has a new well. Mr. Geo. Clifford had a well drilled last fall. Mr. Geraint has just completed drilling his which provides an abundant supply of water.

BRANT NEWS

The popular enquiry here today is "Have you got your permit?"

The Mesdames McLaren and McKay were High River visitors on Saturday.

Mr. Geo. McKay was a visitor in Calgary the first part of the week.

Mr. L. J. St. Clair and family took supper at the home of Mr. and Mrs. Cy Betchel.

Mr. Charlie Horsefield and family, of Calgary, spent Sunday visiting relatives in Brant.

Mrs. Wm. Thomas, Miss Sibine Olsen and Mrs. Chas. Hicklin were shopping in Vulcan one day last week.

Miss Lila Malmberg who is teaching at Red Cross spent the week end with her friend Miss Grace Cascarden.

Mr. and Mrs. Dan Harper had as their guest several days last week Mr. Harper's sister and her husband, Mr. and Mrs. Campbell of Vulcan.

The Ladies' Institute held their monthly meeting at the home of Mrs. Cy Betchel and they decided to give one hundred dollars toward the fund for a community hall.

Mr. and Mrs. Ira Olsen and Master Floyd, who have spent the past five months in Oregon and California and Miss Sibine Olsen who spent the past year and a half in Portland, returned home on Sunday last.

Getting your arm broken seems to be the fad around Brant. One day last week Mrs. Fraser, who is cooking for Mr. Henry Geseler, while cranking the Ford, the crank slipped and broke her arm.

Little Miss Laurel Platt while going home from school on horseback fell from her horse and sustained a broken arm. She was rushed to Blackie where Dr. Burke set her arm and at this writing is getting along nicely.

Mr. and Mrs. Jack Thompson and little son Arthur spent the week end in High River. Mr. Thompson has been ill for some time and while in town went to consult a doctor and was informed that he had inflammatory rheumatism.

Since our last report of May 3rd the weather has been hot and dry in the day time while at night quite a heavy frost prevailed, which made it hard for the tender grass as well as the sprouting grain, as it doesn't seem to make any headway in growing. There will not be much other crop than wheat, oats and a little barley. Some few farmers are putting in a little corn and sunflowers for winter feed. Quite a bit of spring plowing is being done in the Brant district for oats. Taken as a rule there will be a much larger percentage of crop put in this district than last year.

The supervisor of the Bow River reserve, J. A. Hutchinson of Calgary,

has gone up to James River vicinity where forest fires are threatening the destruction of much timber. It will require the greatest care and precaution to prevent the spread of flames owing to the dry condition existing up there. Daily flights are being made now from the High River Aerodrome, north and south to see if fresh fires are breaking out. Meanwhile citizens generally are urged to be very careful in the matter of camp fires and lighted cigars and cigarette stubs as the grass is very dry.

ITEMS OF INTEREST

The standing of the various parties in France are as follows:—conservative 19, nationalist bloc 208, radicals 186, republican socialists 20, socialists 111, communists 24; total 568.

Alberta has produced more registered seed than the whole of the rest of Canada, according to officials of the dominion and provincial seed departments.

According to figures which have been compiled, Alberta stands second only to Ontario in Canada in the matter of the number of golf clubs. Ontario has 116, while Alberta has 56.

Wednesday, May 14th, was clean-up day. Our lady contributor says that is the day the men must do a little work so that they can appreciate what the women have to do every week in the year.

Major Martin, the American aviator who was making a world flight and wrecked his airship when he struck a mountain top in Alaska has been heard from. Both he and his mechanic were uninjured.

According to the basis on which Alberta is now receiving subsidy from the federal government, the population of the province is estimated to be 645,000. The 1921 census gave the population as 588,000.

The Calgary Board of Trade announces that \$500 will be distributed in prizes in 1924 to the first prize winners from Alberta at the International Hay and Grain Show in Chicago in December. Last December, Alberta men won four championships and 44 other prizes at the International show.

Parent-Teacher associations in the United States plan to correlate the home and the school in all their activities. The home has been leaving too much to the school. It is time it took back some of its own functions.

The provincial government seed cleaning plant at Edmonton has disposed of a total of 68,068 bushels of registered seed grain this season. Much of this was shipped to points in the east and in the United States, while a good deal has also been taken by Alberta farmers.

Premier Greenfield and Attorney-General Brownlee are now in Ottawa on negotiations for the Natural Resources. After the return of the premier, the matter of the appointment of the coal commission authorized during the recent session will be taken up.

W. S. Gray, barrister of Lethbridge, has been added to the staff of attorneys in the department of the Attorney-General. This staff is being built up with the object of obviating the necessity of employing special counsel at high fees to prosecute special government legal business, which has been the custom in the past.

Canada's school population at school is 2,100,000 or nearly one-fourth of the entire population. Of these 100,000 are in private schools; 60,000 are registered at colleges and universities; 13,000 attend Indian schools; 1,600 for the blind and deaf; 80,000 in vocational schools or classes, and 1,860,000 attend ordinary day schools.

A cargo of Canadian wheat has recently been forwarded from Vancouver to Mexico in an endeavor to establish a market there for the Canadian product. The Canadian Trade Commissioner in Mexico reports that Mexican millers were highly pleased with the quality of the wheat. He predicts that in the near future Canada will supply the millers of Mexico with practically all of the wheat used there to supplement the native crop.

W. G. B. KILROE, Manager.

President Coolidge defeated Hiram Johnson in the republican California presidential primary and throughout the States he is away ahead. Wm. McAdoo leads in the democratic primaries.

Final decision on plans to establish a beet sugar factory in Alberta will, it is reported, be made this summer by the Utah-Idaho Beet Sugar Company, whose officials are expected to visit Lethbridge district shortly. It is stated that farmers in the Magrath district plan to seed more than 1,000 acres to sugar beets this year.
